

## Minutes of SIAPWS EC 2017-7 (13.10.2017)

### 1. Update since last meeting

#### *News from ADV Kemi*

A challenge for the Swedish colleges with the courses in SIAPWS is that they are in English. The purpose with the ADV Kemi meeting is primarily knowledge sharing and being able to meet face to face. Roger informed about the BIAPWS/IAPWS meeting, and the general response is that the meetings is too far away both in distance and from the daily work.

### 2. Billing status from 2017

#### *"Analyses for the fee" agreement*

Some laboratories have been contacted regarding this setup. No one has yet responded. We will follow up on that.

Ordinary Billing

In progress

#### *Follow up on normal members*

Siemens will leave SIAPWS from 2018.

### 3. SIAPWS Water Chemistry Network

Not much response on the Facebook Groups.

### 4. Course evaluation

No remarks.

### 5. SIAPWS Promotion in Finland

Karsten has been in Finland promoting SIAPWS. Finland is very positive about the concept. Finland is yet reluctant regarding the Swedish language in the Matarvattenkonferensen.

### 6. Course planning for Water Chemistry Network

Next meeting – Topics for new courses from the "Handbook in vattenkemi"

### 8. Matarvattenkonferensen 2017

No remarks

### 9. Next meeting

03/11 2017 kl. 10-11. Monika will make the calendar booking.
