

**Minutes of SIAPWS EC Meeting 2021-2
(29.01.2021)**

1. Attendees

- Karsten Thomsen (Chair)
- Monika Nielsen (EC member, elected and Ørsted representative)
- Roger Lundberg (EC member)
- Jere Espo (EC member)
- Anna Edebo (EC member, E.ON representative)
- Arja Lehtikoinen (EC member)
- Sara Sjögren (EC member) - absent

2. Friday Events 2021

- Three out of four events are now confirmed.
- Jere needs some time to evaluate his works situation, as he is changing job to Vantaan Energia.
- Monika will send out the invitation for the Friday Events.

Week	Date	Topic	Title	Presenter	Organizer	Remark
6	12-2-2021	Analysis - Water-steam cycle	EDI instead of cation resin when measuring acid conductivity – the instrument	Lars Gjedde, C.K. Environment	SIAPWS-DK	Danish, confirmed
11	19-3-2021	Analysis - Water-steam cycle	EDI instead of cation resin when measuring acid conductivity – operating experience	Johan Rytorp, Ringhals, Vattenfall	MAVAsekt	Swedish, confirmed
15	16-4-2021	Chemistry – Water steam cycle	Boric acid in feedwater systems	Jere Espo	SIAPWS-SF	Finnish, preliminary, to be confirmed
20	21-5-2021	Flue gas condensate treatment	Bacteria in FGC treatment – experience with analysis, prevention and solutions	Niklas Berg, Söderenergi	SIAPWS-Nordic	English, confirmed

3. SIAPWS Annual Meeting, 25. March 2021

- Michael Rziha has accepted to repeat his presentation from the Matarvattenkonferensen, but he is not able to attend on the 25/3.
- We move the annual meeting to the 24. March instead.

- The workshop is hanging in a thread as Karsten won't be able to do a presentation on the FGC TGD, and there is limited to tell about the smart alarms.
- We decided to make Michael Rziha a Keynote speaker and try to change the scope of his presentation to more like "operating experience and repeat situations". **Roger will call Michael and talk to him about this.**

4. SIAPWS website

- One of the SIAPWS DK members has tried to get access to the members area, but gets an error saying "Invalid Nonce". Monika has sent a request to both Karsten and Nutti about this.
- When searching for SIAPWS on Google, our website does not appear in the search. We need to investigate this.
- On the website we have written about the Friday event on the Blog in the native language. In the future we should only write in English on the Blog on the front page. Native language should only be on the page for the national groups.
- Anna is not mentioned on the SIAPWS Nordic page as a member of the EC. **Monika will add Anna to the list.**

5. What is happening in the Nordic Countries?

- Finland:
 - The corrosion webinar was a great success. Above 50 participants joined the webinar.
- Sweden:
 - The Swedish EC has agreed on the membership fee for SIAPWS in 2020, and on the Matarvattensektionen Annual Meeting 2020, it will be suggested to approve the annual fee for the current year and the next year.
 - Matarvattensektionen has some challenges with some members not paying the membership fee for 2020 or demanding a refund because of COVID-19.
- Denmark:
 - No comments.

6. Miscellaneous

- No comments.

7. Next EC meeting

- 12. February 13:30-14:30 DK/SE time – Monika will make the calendar invitation.
